

Cobb County Community Services Board (CCSB)

The CCSB provides mental health, addictive diseases, and intellectual/developmental disabilities services. The CCSB is governed by the Cobb County Board of Directors who plan, guide, and oversee the agency's operations.

Philosophy of Care

Our Philosophy of Care is to maximize satisfaction and outcomes through respectful, evidence based interventions with responsible use of resources.

Core Values

Our success will occur through constant mindfulness of our Philosophy of Care and the following values:

- Individual empowerment
- Customer driven care and supports
- Passion for innovation and integrity
- Focus on community

The Access Center

(770) 422-0202

The Access Center of the Cobb County Community Services Board connects the residents of Cobb, Douglas, and surrounding counties to appropriate behavioral health and I/DD services. The Access Center operates 5 days a week, from 7AM to 5PM and is the first step to receiving services for mental health, addictive diseases, and intellectual/developmental disabilities.

RECOVERY STARTS HERE.

If you are in need of immediate assistance please contact the Georgia Crisis and Access Line (GCAL)

Recovery Services

Mental Health and Wellness

The Cobb County Community Services Board (CCSB) provides mental health services to children, adolescents, and adults.

A range of services are available to assist individuals with their mental health recovery, including those designed to provide clinical treatment, educate individuals and their families about mental illness, link to community resources, and support the development of the skills necessary to live the best life possible in the community in which one lives. Services are guided by the needs and goals of each individual, are based on each individual's strengths, and are anchored in the wellness of the whole person.

- Psychiatric Assessment and Evaluation
- Peer Support
- Psychosocial Rehabilitation
- Case Management
- Group, Individual, and Family Counseling
- Pharmacy Services
- Medication Management
- Resource Coordination
- Criminal Justice Services
- Day Treatment Programs
- Intensive Residential Services
- Independent Residential Programs

Addictive Diseases

The CCSB believes that recovery is possible for everyone and accepts that it is a long-term process unique to each person. The CCSB works to provide both clinical and non-clinical supports focused on the individual and their strengths and encompassing their whole health and resiliency. Services are guided by lived experience and supported by a Peer Workforce. Outpatient and residential treatment options are available for individuals seeking support and assistance for their recovery.

- Behavioral Health Assessment
- Group, Individual, and Family Counseling
- Case Management
- ASAM Assessment and Services
- Specialized Women's Programs
- Dual Diagnosis Programs
- HIV Education and Prevention
- Peer Support
- Resource Coordination
- Residential Services
- Supported Employment

Behavioral Health Crisis Center

While the mission of the CCSB is to provide recovery services to individuals in their communities, The Behavioral Health Crisis Center (BHCC) exists to extend those supports to individuals who are in need of a temporary monitored residential stay to assist them, providing the opportunity for psychiatric and behavioral stabilization and detoxification.

- Operates 24 hours a day, 7 days per week
- Emergency Receiving Facility
- Voluntary and Involuntary Admissions
- Twenty-three hour observation

Child and Adolescent

The CDCSB offers specific programs designed to address the social and emotional needs of children and adolescents in mental health and addictive disease recovery. Youth-guided and family driven programs encourage self-exploration and growth, and teach early recovery skills, alternative decision making, coping skills, and age appropriate life-skills.

- Psychiatric Assessment and Evaluation
- Individual, Group, and Family Counseling
- Group Skills Training and Development
- Case Management
- Resource Coordination
- Bright Changes School Partnerships Program
- Bright Changes Clubhouse (ages 9-21)
- Team Clubhouse (ages 13-19)
- George W. Hartmann Center (long-term residential addictive disease treatment; ages 13-17)

Intellectual/Developmental Disabilities

The mission of the CCSB Intellectual/Developmental Disabilities (I/DD) program is to assist individuals with intellectual/developmental disabilities to become participating and respected citizens so that they may live, work, contribute, and develop relationships in the community. The focus of service and supports is aimed at promoting personal choice and community inclusion.

- Habilitative and Therapeutic Services
- Supported/Self-employment
- Day Programs (e.g., Art Programs, Computer Labs)
- Family Liaison/Family Supports
- Residential Services (e.g., group homes, semi-independent living, in home supports)
- Host Homes
