ACT Services

ACT is a program that is person-centered, recovery-focused, and community-based for individuals who have severe and persistent mental illness or are dually diagnosed.

ACT provides access to a variety of support twenty-four (24) hours, seven days a week. The team consists of a psychiatrist, nurses, mental health professionals, employment specialists, certified peer specialists, and substance use disorder specialists.

Additionally, an active member of the ACT Team provides assistance with the development of natural supports, promoting socialization, and the strengthening of community-living skills.
